## COMMUNITY FEEDBACK WANTED

The New Ross Fair Grounds is a jewel in our community. With its many buildings and amenities, it offers a wide range of possibilities for community groups and events.

In 2024, The New Ross Farmer's Association has made efforts to make it more widely used throughout the year with such things the outdoor rink, additional ox, and horse pulls, and the This n' That Market. We also saw more community groups booking the Fair Grounds such as the Trapper's Association Gathering, and Freedom Van Rally. It is great to see it more widely used by those both in and out of our community.

As we head into 2025, the New Ross Farmer's Association would like to find out what else the community would like to see offered at the space. Is there another idea or function that would be a good fit for our area? We will be launching a survey in November to gather community input. A link to the survey will be posted on Facebook, and available in paper form at the Post Office. We hope you will take time to fill out this questionnaire.

**Laura Mulrooney**  
**Liberal Candidate**  
**Chester-St. Margaret's**

Did you know we may have a provincial election soon? Laura Mulrooney's experiences in our communities as a mother, business owner, and dedicated community volunteer, have motivated her to put her name forward to be the next MLA for our area.

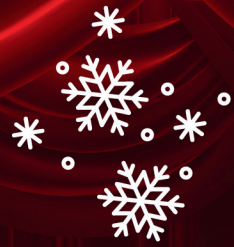

- **Small businesses make jobs:** Laura and her partner Didier owned and operated **Julien's Bakery** for over 30 years. Laura has formed lasting relationships with her customers, fellow small business owners and their employees, so understands their struggles in today's economy.
- **Cost of Living must improve:** Laura sees the lack of affordable housing, rocketing grocery prices, the scarcity of good jobs for young people and terrible cell coverage every day. She is a vendor at farmers markets, an elected Village of Chester Commissioner, and a dedicated volunteer who spends a lot of time talking to families about these concerns.
- **Healthcare is getting worse, not better:** Laura is laser focused on the need for improved health care. Since the last provincial election, the waitlist for primary health care has doubled, and the excessive wait times for ambulances puts lives at risk. As Vice-Chair of Our Health Centre (OHC), the largest health care facility in the area, Laura sees firsthand the suffering of families without good care.
- **We must protect our coastline:** Laura believes it is unfair to pass the responsibility for protecting our coastline to property owners and municipalities who do not have the resources to manage this complex issue. Laura will work tirelessly to have the Coastal Protection Act implemented.
